

To our Valued Community Partner for the Denton Back to School Fair 2018:

We are excited to announce the second annual Denton Back to School Fair will be taking place on Saturday, August 10<sup>th</sup>. This community event is a collaboration between various organizations and local people that want to help families and their students as they prepare for going back to school. Our team is looking to partner with local businesses, churches, nonprofits, and civic groups to provide essential supplies and services for students in the Denton community who need a helping hand during the difficult back to school season.

Currently, one in five children in the North Texas area live in poverty, through our local partnerships, we hope to secure a complete set of school supplies and backpacks for those children who are underserved and in need.

Last year your business participated as a Community Partner for this successful community event, and we were wondering if you would like to participate again. This year's contribution for each Community Partner is \$250 and \$50 for nonprofit organizations. With this donation, your business will be able to set up a table in the health and resource fair portion of the Denton Back to School Fair. Your support will go directly to providing school supplies and backpacks to children in our community that might not otherwise have the resources to purchase necessary items for a confident and healthy start to the school year.

Please consider joining us in this worthwhile event. Last year we helped 3,000 students and their families and we anticipate serving at least 3,000 students and their families this year, if not more. If you have any questions for me, do not hesitate to email me at [jwimmer@healthntx.org](mailto:jwimmer@healthntx.org), we would love to have you back this year!

Best regards,

Jenica Wimmer
